INTRODUCTION & GENERAL INDEX

H. A. MANNING CO., publishers of Directories for over 300 Communities, present to subscribers and the general public, the 1963 edition of the City Directory.

Confidence in the continued growth, industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting the community to the world.

The position occupied by MANNING'S Directories in the estimation of the public throughout the country, has been established by rendering the best in Directory service. With an experienced organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Directory will fulfill its mission as a source of authentic information pertaining to the city.

FIVE MAJOR DEPARTMENTS

The five major departments are arranged in the following order:—

I. THE DESCRIPTIVE SECTION is the first major department; information about statistical review, historical sketch, manufacturing, trade and civic surveys deluxe advertising section and indexes.

II. THE YELLOW PAGES constitute the second major department of the Directory. This embraces the only complete list of the names and addresses of the business and professional concerns of the city, arranged in alphabetical order under appropriate headings—a catalog of all the activities of the city. Preceding this catalog, likewise grouped under appropriate headings, are the advertisements and business cards of firms and individuals desiring to present a more complete list of their products or services than is possible in the catalog itself. The Yellow Pages represent reference advertising at its best, and merit the attention of all buyers and sellers seeking sources of supply or markets for goods. In a busy and diversified community the necessity of having this kind of information up-to-date and always immediately available, is obvious.

III. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is the third major department printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident, and the name, official personnel, nature and address of each firm, corporation and organization in the city.

IV. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, on pink paper, is the fourth major department. In this section the streets are arranged in alphabetical order: the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of tenant-owned homes and the indication of telephone subscribers at homes and places of business.

V. THE NUMERICAL TELEPHONE LOCATER, on green paper, is the fifth major department. All listed phones for the area are arranged by exchanges and under each exchange, in numerical order with the name of the phone holder indicated.

COMMUNITY PUBLICITY—The Directory reflects the achievements and ambitions of the city, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium and community service.

PUBLISHERS' NOTE—The information in this Directory is gathered by an actual canvass and is compiled in a way to insure maximum accuracy.

The publishers cannot and do not guarantee the correctness of all information furnished them nor the complete absence of errors or omissions, hence no responsibility for same can be, or is assumed.

The publishers earnestly request the bringing to their attention of any inaccuracy so that it may be corrected in the next edition of the Directory.

MASSACHUSETTS

"In the Heart of the Berkshires"

*The Summer, Sports and Business Capitol of
Western Massachusetts*

Compiled by H. A. Manning Company

Assisted by Association of Business and Commerce of Central Berkshire County Inc

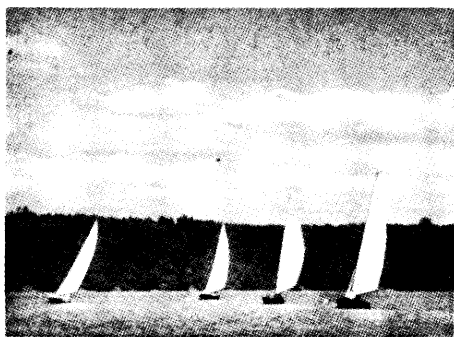

LOCATION—The City of Pittsfield is located almost exactly in the center, north and south, of the County of Berkshire. It is only seven miles from the border line between the states of Massachusetts and New York, and contains many of the characteristics of both of these great commonwealths. It is the county seat of Berkshire County and dominates this county in many ways. It is strategically situated for access from every direction and from its location alone is destined to become greater each passing decade. Latitude 42°28' N. Longitude 71°15' W. New York City is 147 miles,

Boston 138, Albany 50, North Adams 21, Springfield 56, Schenectady 51, Buffalo 336, Chicago 925, Burlington 161, Montreal 200, Philadelphia 200. It is 75 miles to the nearest tide water on the Hudson River. Nearest Atlantic Ocean shore resorts are 120 miles, Catskill Mountains 50 miles, White Mountains of New Hampshire 250 miles.

TOPOGRAPHY—Altitude is 1,035 feet above sea level; area 42.43 square miles. Climate ranges in temperature from about

4 degrees below zero in mid-winter to about 92 degrees above in mid-summer. Prevailing winds are westerly. The total annual rainfall averages about 44 inches over a ten year period. The city is situated on a high plateau between the lofty Greylock range 20 miles to the north, the receding Taconic Mountain range to the west along the New York state border, and the famed Berkshire Mountains ten miles to the east. It is a choice location indeed. Pittsfield has more lakes within its boundaries than any other city in Massachusetts with two larger lakes and three smaller ones.

HISTORICAL—Pittsfield was settled in 1743; incorporated as Pontoosuc Plantation in 1753; incorporated as town of Pittsfield on April 21, 1761, so named in honor of William Pitt, First Earl of Chatham; chartered as a city April 7, 1890. In common with all settlements this city had its early beginnings amidst the strife of wild life in a wilderness beset with Indian warfare and hardships. It early became the center of a prosperous agricultural area. Mining engaged much of the population. Paper and woolen manufacturing also brought many to settle in this region. Pittsfield residents have been engaged in all the wars of this country and monuments and markers are plentiful about the city in commemoration of the services of its citizens in various wars from the Revolution to World War II. In World War II more than 6,000 citizens of Pittsfield were called to serve their country.

MERCANTILE—Pittsfield is the trading center of all of Berkshire County, much of eastern New York State, the southern edge of Vermont, and northwestern Connecticut. This territory embraces a population of over 175,000. To service this area there are 600 stores with a street frontage of more than four miles; annual sales estimated to be over \$84,000,000; number of employees engaged over 3,500; number of proprietors about 500, payroll over \$3,450,000. The City Directory's reliability and accuracy of detail are dependable, with a reasonable allowance for human error, late changes and absence of people from home.

ARE CITY DIRECTORY ADS WORTHWHILE???

To answer this question, analyze the publication or advertising medium by asking these questions.

1. HAS IT A VALUE?

Any medium must have value, either in dollar return, reader interest or usefulness before it can have an advertising value.

The City Directory has a high definite value. People must have information it can give and they therefore pay a good price for it.

2. IS IT ACCESSIBLE AND WELL KNOWN?

The medium must be known to the general public and be easily accessible.

The City Directory is accessible to the public 350 days a year in most public offices, institutions, drug stores, banks, filling stations and places that use and give information. It is the recognized and universal informational service to practically every city and large town in the world.

3. DOES IT PERFORM A SERVICE?

Every medium must perform some service to warrant its existence.

The City Directory performs a most valuable service by providing, in the only complete form, an informational guide and catalogue to a city and its people.

4. WHAT IS THE LENGTH OF LIFE OF THE MEDIUM?

The longer the ACTIVE LIFE of the medium, the better it is.

The City Directory has one of the most active and long lives of any medium. It is available approximately 12 hours a day, 350 days a year and is seldom filed away or thrown out before two years.

5. WHAT IS ITS PRESTIGE?

A medium must have prestige if it has public recognition and acceptance.

The City Directory is recognized as a necessary public service and as such has very high prestige in business, professional and governmental affairs.

6. WHAT IS ITS CIRCULATION?

Not only how many people see it but how many times they see it during the ACTIVE LIFE of the medium determine its circulation rather than just the number of copies issued.

The average City Directory is used three times a day, is available 350 days a year to all and is bought and used by practically every type of business, profession and government agency. Thus 500 copies of your directory would have $500 \times 3\frac{1}{2} \times 350 = 612,500$ yearly circulation or consultations.

7. WHAT ARE ITS ADVERTISING PRICES?

Comparative points as outlined previously determine its value in advertising dollars.

The City Directory advertising prices are among the lowest in comparison with other yearly, monthly, daily or weekly mediums.

**THIS IS WHY YOU WILL MAKE A GOOD INVESTMENT
IN CITY DIRECTORY ADVERTISING.**

Do you cash checks?

For cashing a stranger's check, the police department of Tacoma has given sensible rules. The home address should appear on the check and BE VERIFIED BY THE CITY DIRECTORY; this and the name should be checked with the driver's license of the man trying to cash the check; also against his bank book. Signatures should be compared. A LOT OF QUESTIONS AS TO THE MAN'S NAME, HIS WIFE'S NAME, WHERE HE WORKS, WHO ARE HIS NEIGHBORS, ALL HELP and can be verified in the City Directory. If he admits being from out of town, his check is a risk. F.F.I.—For Further Information Use the City Directory!!

THE BERKSHIRE MUSEUM is Berkshire County's public Art, Science and Local History Museum. It was founded in 1903 by Zenas Crane. The Museum receives no money from City, County or State, and its many services to the public are made possible largely by memberships and gifts. A single membership is Six dollars a year, a Family membership is Twelve dollars. Members receive notices of all coming events and substantial discount on tickets to lectures and other activities sponsored by the Museum. The Berkshire Museum co-operatively presents Nature Instruction in many public schools of the county.

The Museum presents new and important exhibitions each month, and an active program of lectures, musicales and classes throughout the year, including the "LITTLE CINEMA." It sponsors many clubs. A special Junior Department is available to all children of Berkshire County without charge.

Museum memberships and gifts may be deducted from net income subject to Federal income tax.
